

BETHEL CENTER S. F.— One of our mission projects that we love to help.

For those of you that are not familiar with Bethel Center, it is a ministry of Bethel Lutheran Church in San Francisco and offers work activity training, social activities, and personal growth and development activities for developmentally challenged adults that are 22 years of age or older.

The clients at Bethel Center are invited to hear about God, His creation, and the love He has for us through His Son, Jesus Christ. They are offered the opportunity to worship and share their concerns, and to hear about the love that God has for them.

The Lutheran Women's Missionary League would like to invite the congregation to participate in this also. We will have a plastic bin with a list of their needs in the narthex area from 25 Jan 09 through 8 Feb 09 (3 weeks) if you would like to donate to this. We will also have extra copies of the list if you would like to have these handy when you are shopping.

We will be personally delivering your donations, 12 Feb 09. Thank you for your help.

Love in Jesus, Ladies of LWML
Barbara Adams, Facilitator
